KEY FEATURES

1. High-Performance 250W Motors

Stronger power for outdoor travel and multi-terrain driving. Delivers smoother acceleration, better climbing ability, and more confident mobility.

2. Upgraded Controller for Precision Handling

Enhanced control response for smoother starts, turns, and braking. Provides a more stable and intuitive driving experience.

3. Built for Outdoor & Multi-Terrain Use

Engineered for real-world mobility: • Sidewalks • Parks • Uneven paths • Daily outdoor travel
